PROFILE

I am eager to start my career as a software developer. I have a solid foundation in programming languages such as Java, Python, and C++, and have hands-on experience with web development,ui/ux design and database management through academic projects and internships. I am a quick learner with a passion for problem-solving and a keen interest in staying updated with the latest industry trends. I am looking forward to contributing to a dynamic team where I can apply my skills and grow as a professional.
